Race Across Australia – Charity-Event

The Austrian ENJO Vorarlberg wheel-chair organisation is getting started on a new ambitious adventure. Performing at top level for a good cause - that is what it's all about! Total net profits will go to charity and welfare organisations.

Going for about 4.000 kilometres, mastering 12.000 metres difference in altitude, riding non-stop across the vast fifth continent, from Perth in the west of Australia to the vibrant city of Sydney in the east - this is the aim of four Austrian handbikers. The fact that Australia is the size of Europe is fascinating and mind-boggling to the athletes of small-sized Austria!

Four outstanding parathletes with top talent, ambition and passion for their sport will take the challenge of facing hot day temperatures of up to 50 degrees and freezing nights in the desert of Australia. Their goal is to reach Sydney in seven days only!!!

Dangerous descents followed by endless roads in the barren and flat Australian countryside, and the total darkness of the Aussie outback will test the mental and physical capacities of the athletes and their supporting team of 20 people.

Please see our webpage for further information: www.RAAUS.at or send us an email:

Support this unique project –

be a sponsor or buy RAAUS metres.

Support this great charity event!

These exceptional and unique athletes will fight hard to reach their goal. Their willpower and perseverance will make them role-models and inspire athletes and non-athletes, disabled and non-disabled people to achieve the impossible. Your support of these top athletes will give many other people courage and hope.

Your support of RAAUS will assist charity organisations such as:

- Licht ins Dunkel (Austrian charity organisation)
- Wings for Life (research for paraplegia) and
- an Australian charity organisation (to be identified)

A mere \$1.5
will get you one RAAUS metre.
